2 Purpose and how it is to be achieved

- (1) The purpose of this local law is to protect the environment and public health, safety and amenity within the local government's area.
- (2) The purpose is to be achieved by providing for the elimination or reduction of risks and threats to the environment and public health, safety and amenity resulting from—
 - (a) inadequate protection against animal and plant pests; and
 - (b) vegetation overgrowth; and
 - (c) visual pollution resulting from accumulation of objects and materials; and
 - (d) fires and fire hazards not regulated by State law; and
 - (e) community safety hazards; and
 - (f) noise that exceeds noise standards.

3 Definitions—the dictionary

The dictionary in the schedule defines particular words used in this local law.

4 Relationship with other laws¹

This local law is—

- (a) in addition to and does not derogate from laws for pest management, regulation of fires and environmental protection; and
- (b) to be read with *Local Law No. 1 (Administration) 2021*.

Part 2 Declared local pests

Division 1 Application

5 Application of part

This part does not apply to an animal or plant that is an invasive animal, invasive plant, prohibited matter, or restricted matter under the *Biosecurity Act 2014*.

¹ This local law and any subordinate local law made under it do not apply to the extent of any inconsistency with a law of the State or the Commonwealth. See the Act, section 27.

Division 2 Declaration of local pests

6 Declaration of local pests

- (1) The local government may, by subordinate local law, declare an animal or plant of a specified species to be a local pest.
- (2) Before the local government makes a declaration under this section, it must consult with the chief executive about the desirability of the declaration.
- (3) A declaration under this section—
 - (a) must be published in a newspaper circulating generally in the local government's area; and
 - (b) comes into force on the date of publication.
- (4) In this section—

chief executive means the chief executive of the department in which the *Biosecurity Act 2014* is administered.

7 Emergency declarations

- (1) This section applies if the local government is satisfied urgent action is needed to avoid or minimise an immediate risk of environmental harm posed by a plant or animal.
- (2) The local government may, by resolution, declare an animal or plant of the relevant species to be a local pest.
- (3) A declaration under this section—
 - (a) must be published in a newspaper circulating generally in the local government's area; and
 - (b) comes into force on the date of publication; and
 - (c) comes to an end three months after the date of publication.
- (4) In this section—

environmental harm see *Environmental Protection Act 1994*, section 14.

8 Application of declaration

A declaration may apply—

- (a) to the whole of the local government's area or in a specified part or parts of the area; and
- (b) generally or only in specified circumstances.

Division 3 Control of local pests

9 Power to search for declared local pests

- (1) This section applies if an authorised person wants to enter a property to search for declared local pests.

- (2) After giving reasonable written notice to the owner and the occupier of the property, the authorised person may—
 - (a) enter the property without the permission of the occupier; and
 - (b) take reasonable action to search for declared local pests.
- (3) However, the authorised person—
 - (a) must, as soon as the authorised person enters the property, inform any occupier of the property—
 - (i) of the reason for entering the property; and
 - (ii) that the authorised person is authorised under this local law to enter the property, excluding a home on the property, without the permission of the occupier; and
 - (b) may enter a home that is on the property only with the permission of the occupier of the relevant part of the property.
- (4) If the occupier gives permission under subsection (3)(b), the authorised person may ask the occupier to sign a document that confirms that the occupier has given permission.

10 Pest control notices

- (1) An authorised person may, by compliance notice² given to the owner of land, require the owner³ to take specified action to control declared local pests.
- (2) The specified action may include action to—
 - (a) destroy declared local pests on the land; or
 - (b) minimise the risk of an outbreak of declared local pests on the land; or
 - (c) prevent or minimise seeding or reproduction by declared local pests; or
 - (d) contain infestation by declared local pests within a localised area; or
 - (e) reduce the density or extent of infestation by declared local pests; or
 - (f) remove harbour provided to declared local pests.
- (3) The notice may require the repetition of a specified action at stated intervals or on the reappearance of the declared local pest within a specified period.

Division 4 Prohibition of sale and propagation

11 Prohibition on sale

A person must not—

- (a) sell or supply a declared local pest; or
- (b) offer or display a declared local pest for sale or supply.

Maximum penalty—50 penalty units.

² See *Local Law No.1 (Administration) 2021*, section 27, regarding the requirements for compliance notices and the offence for not complying with a compliance notice.

³ See the Act, section 140, in relation to the owner's right to enter property where the owner is not the occupier to take action to comply with a remedial notice, and section 141, in relation to an occupier's right to recover amounts incurred to satisfy an owner's obligations.

12 Prohibition on introducing, propagating etc a declared local pest

Example of persons that might be exempted from subsection (1) in relation to specified pests—

- Staff of research organisations such as universities or the CSIRO who require a particular pest for research purposes.
- An employee of a circus using a particular pest to provide entertainment to the public.
- Staff of an organisation using a particular pest as part of an education program.

- (3) In this section—

fire hazard means—

- (a) anything that, because of its flammable nature, its position or its quantity,

¹⁰ See the *Fire and Rescue Service Act 1990*, section 63, regarding fires authorised by notification, section 65 regarding fires authorised by permit and section 69, regarding notices requiring occupiers to take measures to reduce the risk of fire. For fires authorised by notification under section 63, see the Notification by the Commissioner of Fire and Rescue Service published in the gazette on 6 August 2004.

¹¹ See footnote 5.

¹² See also the *Fire and Rescue Service Act 1990*, section 69, under which the Fire Services Commissioner can publish a general notification in the gazette requiring occupiers of land to take measures to reduce the risk of fire occurring or the risk to persons, property or environment in the event of fire occurring.

¹⁵ See, however, *Local Law No.1 (Administration) 2021*, section 10(4)(a), regarding conditions of approvals that may authorise an act or omission that contravenes a noise standard.
