income, the council's budget is entirely subject on the allocation and stability of government grants, which can vary based on political decisions, economic conditions, or policy changes. This reliance limits the council's ability to invest in long-term projects, respond effectively to local needs, and maintain consistent service delivery.

Council's total 2024/25 revenue budget of \$26,372.889, incorporates recurrent revenue of \$10,339,713, Capital Revenue of \$12,942,149, Rental Income of \$2,250,454 and Interest Revenue of \$840,573.

TOTAL COUNCIL EXPENDITURE BUDGET

Councils total 2024/24 expenditure budget of \$ 27,775,414 incorporates an operating expenditure budget of \$24,150,817 (excluding depreciation) and a capital expenditure budget of \$3,624,597.00.

Improvements to Aurukun Shire Chivaree Centre - \$2.5 Million

A Quality Improvement Program will see the engagement of an external Age Care Service Provider to deliver direct care to our 65 age care clients. This will ensure that Council can continue to deliver services as an age care provider for the Aurukun Community. This Quality Improvement Program will also support the training of our existing workforce and create new opportunities for new job.

This initial \$2.5 million outlay should be viewed as an investment into the Chivaree centre, designed to reestablish the operational foundation. It is not anticipated that these costs will carry over into future budgets.

FINANCIAL SUSTAINABILITY

Council has ongoing responsibility to ensure that it has sufficient resources now and into the future to provide levels of service that are both affordable and considered appropriate by the community. This responsibility encompasses how decisions are made regarding the allocation of funds to Council's day to day operations as well as towards the replacement of existing assets and procurement of new assets.

OPERATING BUDGET

Council's 2024/25 operating budget includes both revenue and expenditure required to both fund and deliver day to day operations according to current levels of service.

CONSULTATION

Development of the Annual Budget 2024 - 2025 involved participation with Executive Management within Council as well as the Office of the CEO. Workshops have been held with Councillors and Executive Leadership Team.

FINANCIAL/RESOURCE IMPLICATIONS

In accordance with s204 of the Qld Local Government Regulation 2012, monthly financial reports which state the progress that has been made against the budget will be prepared and presented to Council.

RISK MANAGEMENT IMPLICATIONS

To mitigate risk, progress against budget will be actively monitored by the management team and reported on a monthly basis to Council.
